

Hello, NFTYites!

My name is Mimi Reagler from Hot Springs Arkansas, and I am running for Programming Vice President! I started my NFTY journey at 678 in 2018, at that event I met new people, beyond my camp friends, and furthered my Jewish community. I got to see my community again this year at our first in-person event in so long.

NFTY is a community where everyone is comfortable and accepted. Being from Hot Springs, Arkansas, I don't have a large Jewish community to be involved in and I know that a lot of the NFTY community has the same problem. As PVP, I will help make sure that the programming is inclusive to everyone and helps build the environment that NFTY creates. My main goal as PVP would be to create programming so every person who attends NFTY leaves a program happy and with a new friend. Spring Kallah gave me the opportunity to learn about programming an event. I joined the Programming Committee this year in hopes of getting a feel for NFTYso board and because I have always enjoyed planning activities. I had the opportunity to join zooms, I learned how to execute and plan programs as well as the process and time that goes into each activity. About three months before the recent NFTY event, current PVP Jack told our committee that we would be creating a program. We assigned roles to make sure each element of the program came together smoothly. When we were throwing around ideas I pitched the idea of mums, which turned out to be a successful program. On the Programming Committee I saw how different ages and types of people react to different programs. Programming Vice President to me means giving others opportunities to get involved in programming to ensure the future of NFTYso. In my leadership positions in clubs at home, I have been planning meetings and events since middle school, and as PVP I know that I would be able to create programs that help engage people at NFTY events.

MIMI REAGLER

NFTY SO PVP

Goals

- Make programs that are inclusive to everyone
- Give NFTYites a jewish community they may not get at home

Why I want to be PVP

- Programming committee inspired me to want program more
- Want to help everyone get some jewish community even if they dont have one in there home town

About Me

- I have 1 dog that just had 5 puppies
- I am about to become a female eagle scout
- I want to meet Dwane the Rock Johnson one day!

NFTY SO Vice President of Programming

Candidate 2022 - 20223
